I want to thank everyone who has ever helped out even the littlest bit with Babel. A huge shoutout to Logan Smyth (@loganfsmyth), Henry Zhu (@hzoo), Jesse McCarthy (@jmm), and Denis Pushkarev (@zloirock) for all their hard work managing issues and contributing to Babel.

We're excited to finally release Babel 6 to the world. As always, we're committed to pushing Babel to be the best tool it can be, so please keep the GitHub issues and pull requests coming!
