(I don't drink coffee so maybe bubble tea is more relevant 😂)

> TL;DR I've left my job to work on open source and Babel full time, and have created this Patreon (on 3/2/18) to help fund myself with the community's help!

🙌 I'm **Henry**, an open source maintainer.

Dear friends,

My last day **at Adobe** was 3/1. I've had the wonderful opportunity to work there for 2.5 years, with the last year working on **Babel** itself for half of my time. I've been the primary maintainer on the project for the

What is Open Source
teaching us to pursue?
